

ACME Corp - Internal Quality Guidelines

1. Financial transactions must have a positive 'amount' value.
2. All user passwords must be hashed before landing in the database.
3. The 'status' column in the orders table must be one of: PENDING, SHIPPED, DELIVERED.
4. 'deleted_at' must be null unless 'is_active' is false.
5. Department codes must be exactly 4 uppercase letters.
